SUMMARY

- Over 25 years of physical and virtual security experience.
- IT & InfoSec consulting, audits, and systems administration for Fortune 100 & 500 listed companies with over 10,000 users.
- Corporate Systems & Components Architect for multinational infrastructure supporting over 4,500 users in over 50 countries.
- Extensive experience with most technology platforms, audits, incident handling, pen-testing, policies, security training for employees, and other InfoSec aspects.
- Designed, staffed, trained, implemented, and transitioned multiple InfoSec corporate divisions from scratch, including "Red Teams".
- As CTO managed annual IT budgets over $10,000,000.
- Built and provided mission-critical infrastructure and services to medical facilities.
- Designed and personally built entire IT infrastructure and department staffing from scratch for multiple companies.
- Certified in 2002 as GCIH (GIAC Certified Incident Handler) through SANS Institute, my research still published on their website: https://www.sans.org/security-resources/malwarefaq/pptp-vpn
- Google Chrome OS / Chromebook developers cited my security research for technology decisions regarding VPNs.
- Rebuilt "bulletproof" 2600 IRC in 2002.
- Directly supervised over 20 employees, supervised through hierarchy over 50 employees & contractors.
- Acquired and managed multiple offshore teams in India and U.K.
- Personally built over 10,000 retail custom systems, supervised teams of technicians building more than 50,000 retail custom systems.
- Working with technology systems since 1979.
